## Download Your References from PubMed

- 1. Perform a search in PubMed.
- 2. Check the boxes next to articles you want to download. Use the PubMed Clipboard to select article records from multiple searches.
- 3. Click the "Send to" link.
- 4. Select Citation Manager under Choose Destination
- 5. Click the **Create File** button.
- 6. Save the file, citations.nbib, to your computer.
- 7. Or open the file and select all text and copy

Step 2: Importing into RefWorks

- 1. Login to your RefWorks database.
- 2. Mouse over the References menu and select Import.
